

Emergency

Chrissy Chlapecka

Walked in the club with a (Ten) on my arm
Talkin' to Britney and her (Friend) at the bar
They heard a hottie askin' Gwen who we are (So tell 'em!)
Every girl in my (Head) is a star

That girl, that girl, wanna be one of the bad girls
(Uh-huh, come here, uh-huh, come here)
That girl, that girl, better than you ever had, girl
(Uh-huh, pull the alarm, uh-huh, it's gettin' hot in here!)

Maybe we're doin' too much (Uh-huh)
I say it's never enough (Uh-huh)
Soon as he give me the up-down
We got an emergency!
No one is hotter than us (Uh-huh)
Dancin', we gonna combust (Uh-huh)
This party is 'bout to shut down
We got an emergency!

Stop and stare
He was just so unprepared
Miniskirt making him scared
Smokin', he's gasping for air

That girl, that girl, better than you ever had, girl
(Uh-huh, pull the alarm, uh-huh, it's gettin' hot in here!)

Maybe we're doin' too much (Uh-huh)
I say it's never enough (Uh-huh)
Soon as he give me the up-down
We got an emergency!
No one is hotter than us (Uh-huh)
Dancin', we gonna combust (Uh-huh)
This party is 'bout to shut down
We got an emergency!

That girl, that girl, wanna be one of the bad girls
