

# My Only Dream Is To Be Loved

Chrissy Chlapecka

I'm not ambitious  
I'm single minded  
Want you to lose your heart in me  
Never find it  
And I'm not vicious  
I'm only blinded  
By every light shone on my pedestal island

Come on come on please  
Please don't deprive me  
My well is running dry

My only dreams to be loved  
It's never enough  
It's never enough  
I wanna be what you want  
Just gimme some love  
Just gimme some love  
In every eye I see  
The only thing I need  
Is them reflecting me  
In every light that gleams  
My only dreams to be loved  
Loved by me

What other reason  
Is there for living  
I love receiving but can I stand the giving  
It leaves you open  
For only heartbreak  
And they call my name with every stage I take

Come on come on please  
Please don't deprive me  
My well is running dry

My only dreams to be loved  
It's never enough  
It's never enough  
I wanna be what you want  
Just gimme some love  
Just gimme some love  
In every eye I see  
The only thing I need  
Is them reflecting me  
In every light that gleams  
My only dreams to be loved  
Loved by me

My only dreams to be loved  
It's never enough  
It's never enough  
I wanna be what you want  
Just gimme some love  
Just gimme some love  
In every eye I see  
The only thing I need

Is them reflecting me  
In every light that gleams  
My only dreams to be loved  
Loved by me
