

## Prayed For This Day

Chrissy Metz

Can't believe your here, and not just in my heart  
Guess those prayers I prayed made it past all the stars  
And it sure feels like, somehow  
You chose me

I prayed for you, I prayed for you  
Dreamt of your smile, and the color in your eyes  
I prayed for you, I prayed for you  
That little laugh and tucking you in at night  
Now life will never be the same  
I prayed for this day

Always hoped that I would know, a love like this  
But it doesn't even come close to how sweet it is  
When I look at you, it's just so amazing

I prayed for you, I prayed for you  
Dreamt of your smile, and the color in your eyes  
I prayed for you, I prayed for you  
That little laugh and tucking you in at night  
Now life will never be the same  
I prayed for you

Hallelujah  
I'm thankful to the  
Prayers that brought you to me  
Hallelujah  
I get to hold ya  
Together forever we shall be

I prayed for you, I prayed for you  
Dreamt of your smile, and the color in your eyes  
I prayed for you, I prayed for you  
That little laugh and tucking you in at night  
Now life will never be the same  
And I'm thankful I'm forever changed  
I prayed for this day  
I prayed for this day
