

## Most High

Christafari

Inspired by Ephesians 5:18, Hebrews 13:5, I Corinthians 6:19-20 and I Peter 5:8.

Well since I was a youth I wanted to be a big man Do anything just to make new friends First a cigarette and then a beer can Smoking marijuana by the age of ten I tried to get high but I really got low Tried to escape but with nowhere to go Caught in a illusion me really want to know Just how my life it went up in smoke? I got high, high, high But was really getting low I wanted to get high, high, high Up in a cloud of smoke Well I was so wasted (wasted) Yes my life was wasted (wasted). Next was cocaine and then LSD Opium and nitrous by the age of 16 Crack then crystal methamphetamine Dealing drugs, (it) had me living on the streets I tried to get high but I really got low Tried to escape but with no where to go Until that day that I heard His call (I) accepted Christ as the Lord of all I got... Chorus: high, high, high on the Most High stiganana neenie woy high, high, high on the Most High. Bridge: There is no high like the Most High He'll never let you down Him never leave you dry me say No high like the Most High He'll never burn you out and you will never run dry. Me say when I was a youth I used to think like a youth in such childish ways Ooh yeah But now I am a man, Jah know me have to trod on in the Father's ways So you should live up (live up, live up) Live with your heart And give up (give up, give up) Give it to God And live up (live up, live up) Give Him your heart And Give up (give up, give up) Give up the drugs (CHORUS) (BRIDGE). So marijuana is not the answer (up in smoke) It could even give you cancer (up in smoke) / Drugs are not the solution (up in smoke) Don't fill your body with pollution So d on't give me no cigarette, me no want no nicotine (no, no) Me nah want them (to) bury me inna the cemetery (no, no) Don't give me no hard drugs, me nah huff no gasoline (no, no) 'Cause this Christaman livity (lifestyle) is clean-you see! (CHORUS) Well do not get wasted (wasted) 'Cause my life was wasted (wasted) (BRIDGE). o don't give me no ganja me nah need no weed (no, no) Me nah want nothing that makes my eyes bleed (no, no) You come with the herb and I'll tell you straight off that "Marijuana just makes me (cough, cough) cough! (CHORUS) (BRIDGE 2X).
