

Roots Revival

Christafari

Roots revival
Roots, oh my Lord, eh, woo
Revive us again and let Jah people rejoice

There's gonna be a revolution
And it starts in our souls (in our souls)
So don't you try an keep it back man
Let the Spirit flow (Spirit flow)
There's gonna be a roots revival
And it starts in our hearts (in our hearts)
So don't you wait until tomorrow, let this revival start

Roots revival - it's coming from the top
Roots revival - and it's neva gonna stop, no way
Roots revival - it's coming from above
Roots revival - this one is rooted in love, love, love

Hey, there's gonna be a revolution
And it starts in from within (from within)
The only thing that's gonna keep it back man
Is a heart full of sin (a heart full of sin)
There's gonna be a roots revival
And it starts in our hearts (in our hearts)
So don't just stand there, don't be idle, let this revival start

Roots revival - it's coming from the top
Roots revival- and it's neva gonna stop, no way
Roots revival - it's coming from above
Roots revival - this one is rooted in love, love, love

There's gonna be a roots revival now
Can't you hear Spirit crying out?
Hey, there's gonna be a roots revival now
Can't you hear the Spirit calling out?

Yo the Spirit wigglin' on down to the bottom of the well
An' Him blaze a Holy fire, make a cold heart swell
Messiah take up all the captives, broke them out of the cell

And now them grafted to the root, the God of Israel!
So play the music Mr. DJ and bow your knees to Jesus, don't you delay
You have to worship in your heart and in your trials
Worship never starts upon the radio dial

If my people who are called by My name (called by His name)
Would humble themselves and turn from their wicked ways (wicked ways)
I'll forgive them, I'll forgive them
If my people who are called by My name (called by my name)
Humble themselves and pray and seek My face (seek My face)
I will heal this land, I will heal this land

Roots revival - it's coming from the top
Roots revival- and it's neva gonna stop, no way
Roots revival - it's coming from above
Roots revival - this one is rooted in love, love, love
The Spirit's movin' in on down from me head to me spine
Soul to me mind, He's changing my life

And all along the way that I've been grafted to the Vine
My soul has been tied to Christ
So as me sing about the roots me have a little dispute
This revival me a chat, not in a tent full of suits
When the Father make a move no man can substitute
Revival it starts in you!

Roots revival - it's coming from the top
Roots revival- and it's neva gonna stop, no way
Roots revival - it's coming from above
Roots revival - this one is rooted in love, love, love
