

Everything You Do

Christian Bautista

I love the way you smile
When I look in your eyes
I love the way you laugh
When I try to be funny
And how a tear rolls down your face
When I say no one could ever take your place

And baby when you sleep I watched you breathing
And baby when you dream I dream with you
'Cause everywhere you are is where I wanna be
It's true, everything you do
Makes me know how much I love you

The way you touch my lips right after every kiss
And softly whisper that I'm your everything
The way you pray our love won't die
Every night just before you close your eyes

And baby when you sleep I watched you breathing
And baby when you dream I dream with you
'Cause everywhere you are is where I wanna be
It's true, everything you do
Makes me know how much I love you

And I believe
Somethings are meant to be
As sure as there is love
Yours is meant for me

And baby when you sleep I watched you breathing
And baby when you dream I dream with you
'Cause everywhere you are is where I wanna be
It's true, everything you do
Makes me know how much

And baby when you sleep I watched you breathing
And baby when you dream I dream with you
'Cause everywhere you are is where I wanna be
It's true, everything you do
Makes me know how much I love you
