

# Miracle

Christian Bautista

I believe the fantasy  
Of what might be you and me, yeah  
Somehow I've known this moment  
Written across the stars in the sky  
Something like a miracle  
Whether it be real or make believe  
I cherish the emotion I never could feel  
How a love so divine has taken me over my mind

Not a moment in time precious as this moment with you  
The love we have is more than a miracle  
Everyday of my life is carefully entwined with you  
You're more than a miracle

You're takin' my heart away (to a wonderland)  
You hold me in your arms (ever so tenderly)  
I'll whisper words so true  
It's a thrill I can't deny  
How you touch me deep inside  
I feel your love every little way, every single day  
You're all I desire, that's why

Not a moment in time (oh no) precious as this moment with you  
The love we have is more than a miracle (oh)  
Everyday of my life is carefully entwined with you  
You're more than a miracle

And as the days go by, I'll show just how much I love you so  
You'll be here always in my heart  
Around your way is where I'll be  
Share my love so constantly  
Each time I smile is all because of you  
And you know it's true

Not a moment in time precious as this moment with you  
The love we have is more than a miracle (oh)  
Everyday of my life (everyday) is carefully entwined with you  
You're more than a miracle

Not a moment in time precious as this moment with you  
The love we have is more than a miracle  
Everyday of my life is carefully entwined with you  
You're more than a miracle
