

Chimère De-Ci De-Lá

Christian Death

In the presence of love
Evil remains a mask
The face of illusion
On all sides

Flaunting abandoned lovers
Restless with the heat
Pondering moments ground to fine ash
When naked flesh has ceased to writhe

Chimère de-si de-lá

Hold my hand
As we walk this path
Through the flowers
To the music of the bath

Close the door
Let the crystals drop
We shall climb
The pyramid of fear

Chimère de-si de-lá
Chimère de-si de-lá
Chimère de-si de-lá
Chimère de-si de-lá

Chimère
Chimère
Chimère de-si de-lá

Chimère
Chimère
Chimère de-si de-lá
