

The Obscene Kiss

Christian Death

The obscene kiss

She claimed while on LSD
The devil has possessed me
So she plucked out her right eye

With Christianity she was obsessed
With Insanity she possessed

Though religiously devout
She took thrill in carving out
His penis with a nail

Made him black and blue
With a kind of thumb screw

It comes down to this
The obscene kiss

Afflicted deviation
Can you cure it
Afflicted the devil's mark
Can you cure it

Burn it abomination
Burnt it cut em down
Burn it abomination
Burn it cut em down

She opened his abdomen
As though unzipping skin
Then cut off his manhood

She mutilated him with precision
As prescribed by god in vision

In her chest she hammered in
Thirty needles and a pin
Her hammer was a bible

With Christianity she was obsessed
With Insanity she possessed

It comes down to this
The obscene kiss

Afflicted deviation
Can you cure it
Afflicted the devil's mark
Can you cure it

Burn it abomination
Burn it cut em down
Burn it abomination
Burn it cut em down
