

time of our lives

Christian French

Been stuck in this routine, I'm young, dumb, and unruly
I wish somethin' would move me
'Cause I don't wanna play pretend
Still runnin' on empty, the same story as last week
I keep pushin' it past me, I'll tell you when it all makes sense

Feel the message, second guess it
Just like we always do

Where is this going? Don't be so quick to
To pack up and quit on the time of our lives
There's nowhere we know yet, that's off in the distance
Look up, 'cause we're missin' the time of our lives

I don't know if it's healthy, I just do what they tell me
I got no one to help me reach the bright side
It's alright

I feel the message, second guess it
Just like we always do, woah

Where is this going? Don't be so quick to
To pack up and quit on the time of our lives
There's nowhere we know yet, that's off in the distance
Look up, 'cause we're missin' the time of our lives

(Ooh, ooh, ooh, ooh)
(Ooh, ooh, ooh, ooh)
Look up, 'cause we're missin' the time of our lives
(Ooh, ooh, ooh, ooh)
(Ooh, ooh, ooh, ooh)
Look up, 'cause we're missin' the time of our lives

Where is this going? Don't be so quick to
To pack up and quit on the time of our lives
There's nowhere we know yet, that's off in the distance
Look up, 'cause we're missin' the time of our lives

(Ooh, ooh, ooh, ooh)
(Ooh, ooh, ooh, ooh)
Look up, 'cause we're missin' the time of our lives
(Ooh, ooh, ooh, ooh)
(Ooh, ooh, ooh, ooh)
Look up, 'cause we're missin' the time of our lives
