

## Lost

Chri\$tian Gate\$

I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down  
I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down

I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down  
I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down

Stain my mind and I won't let you go  
Close my eyes  
I'll try to bring you home, yeah  
Bring you home, yeah  
Lost in a dream

Asking if you need me  
Would you leave me?  
We all speak when it's easy  
Thinking 'bout it all night  
Let it fall right  
We all talk when it's alright  
Lost in my head  
Closed eyes, still falling for you  
Lay in my bed  
Arms out, still calling for you

I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down  
I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down

Time goes by  
I'll try  
To keep advancing  
Pay no mind, you'll find  
You feel abandoned  
Save my life in time to take advantage  
But you were the best thing that I had

Lost in a dream

I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down  
I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down  
I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down

I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down  
I don't wanna die yet  
The lonely roads lead to victims in the soul  
I don't wanna starve again  
Already lost in my head  
I'm coming down
