Wish that I would have known that (known that)  
This girl like to cheat  
Likes to sleep around  
She's a Fucking Nomad (nomad)  
Staying at your place  
While I'm freaking out  
She won't hit my phone back (phone back)

Taking her on trips  
Any type of shit  
Can't even afford that (afford that)  
This girl she a cheat she a liar  
I take her ass on a trip  
I took her back to the bay  
Saving all my money  
Trying to stash it away  
I find it kind of funny that she acting today  
Like I don't have it in the bed  
But some fat on her face (yeah)

I know she think about me all night, yeah  
And she won't do me dirty no way, yeah  
And she's done that thing, it's all lies, yeah  
I had to tell my self that everyday
