

Fade

Christian Kane

Headed back to my favorite Dairy Queen
'Cause of the picture perfect woman in red at the screens.
"I'll pick you up at 5'o'clock
And we'll go down to the lake
Pick our favorite scenes
And (?)the dock and (?)"

Watch the sun paint a watercolor sky,
With your arms around me baby,
What a damn good way to die.
Well, I love livin' in this town,
I love this canvas that we've found,
Where we begin to fade
You and me could paint
Whatever to hell it is we want to see.

I, I can't believe
How wonderful the world is gonna be.
I, I'm on my knee
Watching you fade into... me.

Lets take a walk down old Tacosa road
With a little honeysuckle in your hair
And a little red flair between your toes.
Don't treat me like a (?)
You know it was meant to be,
And who would have thought
There was a time when all I wanted to do was leave.

I found out all of the places I want to take
To erase my destinations,
Girl, and color it in your faith.
You took all my scars from me
And the signs say "Just believe,"
If you close your eyes
And take her hand
You could see things that you could never see.

I, I can't believe
How wonderful the world is gonna be.
I, I'm on my knee
Watching you fade into...

Me, I dream of ice on an open road
Because you took your fingers and you painted me a home
And you draw it just a little outside the lines
Coloring the one I'd left behind...
You'd run,
And you'd watch,
And you'd fade...
Into me.

I, I can't believe
How wonderful the world is gonna be.
I, I'm on my knee
Watching you fade into...

I can't believe
How wonderful the world is gonna be.
I, I'm on my knee
Watching you fade into...
