

Movin On

Christie

I've always said right from the very start
The day would come when we would fall apart
And after all you know
We had a ball you know
Only time will tell if I am right or wrong

I'm thinkin'
It's time for movin' on, movin' on
I'm thinkin'
It's time to move on

You've always known that I'm the restless kind
It's way too late to change my way of life
And after all you know
We had a ball you know
Only time will tell if I am right or wrong

I'm thinkin'
It's time for movin' on, movin' on
I'm thinkin'
It's time to move on

The seven wonders of the world I've seen
And still the gypsy in my soul is free
Don't tie me down, my friend
We know it has to end
Only time will tell if I am right or wrong

I'm thinkin'
It's time for movin' on, movin' on
Yes, I'm thinkin'
It's time to move on

Move on, move on, move on...
