

# Anywhere But Here

Christina Aguilera

There's no need for distance  
No need for touch  
No need for answers 'cause I've heard enough  
I just find a chair  
Some place out of reach  
I enter the darkness and claim my release  
And open my, open my heart  
Sing like a nightingale  
Open my, open my hands  
When no one else understands

I just close my eyes  
And count to ten  
Breathe in twice  
And open them  
Know where to go cause I've been there before  
In my mind it is near  
I escape all I fear  
So by closing my eyes  
I am anywhere but here

There's no need for anger  
Religion or faith  
One blade of grief  
Will always remain  
It's not on the paper  
Or a story book  
It's a place to reunite with all that was took  
And open my, open my heart  
Sing like a nightingale  
Open my, open my hands  
When no one else understands

I just close my eyes  
And count to ten  
Breathe in twice  
And open them  
Know where to go cause I've been there before  
In my mind it is near  
I escape all I fear  
So by closing my eyes  
I am anywhere but here

Picture a land where you never have been  
Where life is eternal and ever green  
The future of happiness and certainty  
You're loved and you're lost there for now and eternity

I close my eyes  
And count to ten  
Breathe in twice  
And open them  
Know where to go cause I've been there before  
In my mind it is near  
I escape all I fear  
So by closing my eyes  
I am anywhere but here
