

# Best of Me

Christina Aguilera

Think I'm steel  
Tough as nails  
Never feel  
Never fail  
But you're wrong  
So damn wrong  
Feel the weight  
Of your hate  
I still bleed  
My heart aches  
As you take  
And You take

Words cut through my skin  
Tears roll down my chin  
My walls crumble within  
But I'll take it all on  
And get up when I fell  
Till the last curtain call  
But you'll never get the best of me  
No more  
Said you'll never get the best of me  
No more  
Arn't you tired of throwing stones  
Trying to kick me when I'm down  
But you'll never get the best of me no more

So you're cold  
Made of ice  
Heart of stone  
Born to fight  
But I cry  
I still cry  
Are you happy  
You know  
I'm unhappy  
You know  
Take your shot  
I'm wide open

Words cut through my skin  
Tears roll down my chin  
My walls crumble within  
But I'll take it all on  
And get up when I fell  
Till the last curtain call  
But you'll never get the best of me  
No more  
Said you'll never get the best of me  
No more  
Arn't you tired of throwing stones  
Trying to kick me when I'm down  
But you'll never get the best of me no more

But you'll never get the best of me  
No more  
Said you'll never get the best of me

No more  
Arn't you tired of throwing stones  
Trying to kick me when I'm down  
But you'll never get the best of me no more

Heartbroken an beaten  
Knocked down and mistreated  
I will rise undefeated  
I will not let you bring me down  
Now the pain is deleted  
And I will never repeat it  
I will rise and defeat it  
I will not let you bring me down  
No I won't let you bring me down

Knocked down and mistreated  
Heartbroken and bleeding  
Still I rise undefeated  
Cause you'll never

Cause you'll never get the best of me  
No more  
Said you'll never get the best of me  
No more  
Arn't you tired of throwing stones  
Trying to kick me when I'm down  
But you'll never get the best of me no more

Heartbroken and bleeding  
Knocked down and mistreated  
Still I rise undefeated  
I will not let you bring me down  
Now the pain is deleted  
And I will never repeat it  
I will rise and defeat it  
I will not let you bring me down
