

Love for All Seasons

Christina Aguilera

Hey there boy did ya happen to know
Wherever you go I'll follow
Ooh babe you're like a cool breeze
On a summer day
When you're near me
I don't know what to do
I feel like a fool
Like a school girl
True blue girl
Who wants to know
Can you come out and play
You make me feel the way a woman is supposed to feel
Show you that my love's for real

I'll be the rain in your summer
The chill in your fall
I'll be whatcha want
Anything at all
I've got a love for all seasons
A love for all time
I'll be the fire in your winter
The sun in your spring
I'll do what you want
Give ya everything
I've got a love for all seasons
A love for all time

I'll be there for you
Keepin you warm
Through the storm
I'll guide you
Stand by you until the stars fall from the sky
When you call me
I never hesitate
Makin you wait for my love
Never lie love
It's something that I just can't deny
I'll read your each and every feelin
When you need me to
So now I gotta let you know
This love's for you

You don't have to search no more
Baby you don't have to dream
Cause what I've got inside for you
It's all that you'll ever need
You don't have to search no more
My heart is yours
For real for sure
You don't have to wonder why
I'll never lie
