

Red Hot Kinda Love

Christina Aguilera

Lets fly in the day
When we can do this all again
I'll be there
Just tell me where
Oh I got a crush
Feeling like fifteen again
No I wont lie
Boy I'm on fire

So can you co(ooh)ol me down
Ohh
Me down
Ohh
Right now (oh yeah)
So can you co(ooh)ol
Ooh
Me down
Ohh
Oh baby right now
Lalalalala

Oh baby I'm burning up
I wasn't trying to fall for ya
Oh la
Oh baby I'm burning up
You got that red hot kinda love
I don't know the time
It could be day it could be night
But its alright cause your all mine
Oh I must be crazy
Because I only just met you baby
But it feels like I've known you all my life

So can you co(ooh)ol me down
Ooh
Me down
Ooh
Right now (oh yeah)
So can you co(ooh)ol
Ooh
Me down
Ooh
Oh baby right now
Lalalalala
Oh baby I'm burning up
I wasn't trying to fall for ya
Oh lalalala
Oh baby I'm burning up
You got that red hot kinda love
I feel a little shy
Cause you're my kinda guy
Oh I lala
Like it like it
Lala like it like it
I feel a little shy
A little girlie don't know why
Oh lala like it like it

Lala like it like it
Lalalalalala
Oh baby I'm burning up
I wasn't trying to fall for ya
Oh la
Oh baby I'm burning up
You got that red hot kinda love
