

## Right Moves

Christina Aguilera

On a glass table, love me somethin' unstable  
Kiss my lips until I can't resist, 'til I'm incapable of comin' down (comin'  
down, comin' down)  
Of comin' down (come on, come on)  
On a wood staircase, love me 'til I can't think straight  
One on one and one by one we come on down  
So I just keep on goin' down (just go down)  
Just keep on goin' down

Chills are running up my spine  
'Cause you got me to feel  
All the thoughts I made up in my head, you've made them real  
With the

Right moves  
Right moves  
Yeah, yeah, yeah, you got the  
Right moves

On the cold concrete, I'm warmin' up your body  
Bangin' in my chest  
I must confess, it ain't the only thing that's pounding, now  
(Pound it out, pound me out)  
Come on and pound it out

Chills are running up my spine  
'Cause you got me to feel  
All the thoughts I made up in my head, you've made them real  
With the

Right moves (got the right, ri-ri-right moves)  
Right moves  
Yeah, yeah, yeah, you got the  
Right moves

And you are trendsetter  
Can't do without help  
Like can I just do it later?  
And the way ya do your ting  
No one can do it better  
You'll open sweeter than a melody  
Me have the bass, you when you movin'  
I know you swirlin' like a tsunami  
When you explore my life, light the iPhone up  
Polly Nikki ex but my call is Safari  
Body bass stronger and sexier than a million man in the US army  
You got the moves  
Straight up, representin' to every true lovey

The way you roll onto my body like a fire pon true
