

## Still Dirrty

Christina Aguilera

If you see me walking down the street  
Or in the pages of your magazines  
Looking just a little differently  
Showing off a softer side of me  
They say I'm looking like a lady  
They say that love has gone and changed me  
But don't be fooled by everything you see  
I gotta let the naughty in me free

There's a woman inside of all of us  
Who never quite seems to get enough  
Trying to play by the rules is rough  
Cause sooner or later something's gonna erupt cause

I still got the nasty in me  
Still got that dirty degree, still got it  
And if you want some more, sexy  
Still got that freak in me, yea

I still got the nasty in me  
Still got that dirty degree, oh yea  
And if you want some more, sexy  
Still got that freak in me

No matter what you're thinking of me, still dirty  
And if ya still rolling with me, still got it  
No matter what you're thinking of me, still dirty  
Still got that freak in me

Why is a woman's sexuality  
Always under so much scrutiny  
Why can't she do exactly as she please  
Without being called a million things  
They say I'm not the girl they used to know, used to know  
Cause I don't always wear revealing clothes, oh oo woah  
But don't be fooled, the moment I get home  
I'm letting loose, giving a private show, oh don't cha know

There's some women out there  
Who talk and stare  
Who never seem to let down their hair  
Like to pass judgement but they're just scared  
And don't know what they're missing  
So they better beware 'cuz

I still got the nasty in me  
Still got that dirty degree  
And if you want some more, sexy  
Still got that freak in me, still got it in me

I still got the nasty in me  
Still got that dirty degree, oo yea  
And if you want some more, sexy  
Still got that freak in me, oh yea

No matter what you're thinking of me, still dirty  
And if your still rolling with me, still got it

No matter what you're thinking of me, still dirty  
Still got that freak in me

Don't tell me to behave  
Cause I'll never play that game  
Don't tell me what to do  
Cause I'll never be uptight like you  
Don't look at me that way  
Cause I ain't never gonna change  
And if you're talking bout my life  
You're only wasting your own time

If I wanna wear lingerie outside of my clothes  
If I wanna be erotic in my own videos  
If I wanna be provocative, well that ain't a sin  
Maybe you're not comfortable in your own skin

I still got the nasty in me  
Still got that dirty degree, in me  
And if you want some more, sexy  
Still got that freak in me

I still got the nasty in me  
Still got that dirty degree, in me  
And if you want some more, sexy  
Still got that freak in me
