Echo

Christina Grimmie

Boy I don't understand your drama
Thought we were having fun, should I not have called you?
Should I be sorry for being me?
I'm just tryna piece together your mind
You and me were cool when I saw you last night
Now we're in the state of the emergency
Oh yeah

You say you have half a dozen
But I don't care
'Cause I know they ain't nothin' like me, babe
Ain't nothin' like me, baby
Hey!

You keep telling me lies
You know I'll find out
I don't keep it inside
I just let it echo, echo
Ricochet you like an echo, echo
Hey!
I won't lay down and die
It's over this time
Ex or goodbye
Can you hear it echo, echo?
Ricochet you like an echo, echo

You can keep all the hearts you're holding
'Cause I don't need you where I'm going
I'll just be myself and live for me
Yeah-yeah
Hey!

You say you have half a dozen
But I don't care
'Cause I know they ain't nothin' like me, babe
Ain't nothin' like me, baby
Hey!

You keep telling me lies
You know I'll find out
I don't keep it inside
I just let it echo, echo
Ricochet you like an echo, echo
Hey!
I won't lay down and die
It's over this time
Ex or goodbye
Can you hear it echo, echo?
Ricochet you like an echo, echo
(Ex or goodbye)

I know, I know you know
There's more than what you show out
You can't hide, you can't hide it, no
The truth will echo
Hey!

```
I know, I know you know
There's more than what you show out
You can't hide, you can't hide it, no
The truth will echo
Hey!

I won't lay down and die
No, no, no (hey!)
Ex or goodbye
I let it echo (echo)
I let it echo, yeah!

You keep telling me lies
You know I'll find out
I don't keep it inside (telling me lies, baby!)
I just let it echo, echo
Ricochet you like an echo, echo (Ricochet you, let it echo)
Hey!
I won't lay down and die
It's over this time
Ex or goodbye
Can you hear it echo, echo?
Ricochet you like an echo, echo
Ex or goodbye

I know, I know you know
There's more than what you show out
You can't hide, you can't hide it, no (you can't hide it, babe)
The truth will echo
Hey!

I know, I know you know
There's more than what you show out
You can't hide, you can't hide it, no
The truth will echo, echo
```
