

# time of our lives

Christina Perri

I was younger, the summers were longer  
I had no fear, I was stronger and freer  
With fire, a fire that didn't expire  
The reason or meaning of somethin' to believe in  
I was hopeful we had it, the magic  
The love that we had wasn't tragic, so we grabbed it, we went there  
Nothin' but air, so we breathed it, 'cause we need it  
To free fall for somethin' we believed in

Lookin' back through my eyes, everybody says goodbye  
Where did all the time fly by, where did it go, you know?  
Do you feel my heartbeat? 'Cause, darlin' it's not over yet  
Where did all the time fly by, where did it go, you know?  
These are the times of our lives

I was fearless, I was able, I was brave  
Put all of my cards on the table, didn't waste them  
All of my demons that turned into dreams  
And I chased them, I faced them, replaced them for somethin' to believe in

I don't remember the rain (I don't remember)  
I don't remember the details (All the details)  
There's nothin' that I wanna change  
I'd do it again and again and again

Lookin' back through my eyes, everybody says goodbye  
Where did all the time fly by, where did it go, you know?  
Fallin' like a sunset, but, darlin' it's not over yet  
Where did all the time fly by, where did it go, you know?  
These are the times of our lives

'Cause we hope and we pray  
Keep 'em close, make 'em stay  
Yeah, we hold back the time, like the clock, I rewind  
Hold your breath, one more time, don't forget you're alive  
These are the times of our lives  
These are the times of our lives, oh  
These are the times of our lives  
These are the times of our lives  
These are the times of our lives, ooh  
These are the times of our lives

You're older, the sunlight is shorter  
Am I the girl in the corner?  
I dream to adore her  
A moment forever before us, I'm in it  
And you are, someone to believe in
