

## No Harm Is Done

Christine and the Queens

It's a blur  
The pulsing is so loud, surely we'd feel better  
If we had something to fight for  
Oh, mother  
I walk like a boy, mad at whoever  
Would step on the game that he's just drew

If it's where we are, no harm is done yet  
If it's where we are, then no harm is done yet  
And if this is where you stand, then no harm is done yet  
If it's where you stand, then no harm is done

Sure, we slur  
Though we wrote it down  
It's unclear and bitter  
Tears and sweat can numb like melted snow  
My anger  
Once it's figured out, will finally matter  
I'll pass it on to you, give it a go

If it's where we are, no harm is done yet  
If it's where we are, then no harm is done yet  
And if this is where you stand, then no harm is done yet  
If it's where you stand, then no harm is done

[Tunji Ige:]

We lose control when we were meant to win  
Don't lose the focus, never settle in  
We could find a way and end the sin  
Or I could go and be the better man  
I can follow  
Wanna take the lead but I roam all alone  
With a heart so hollow  
While you holding the lock and the key to my soul  
I guess this is a plea to be free, written to someone soul  
If this is where we are, then tell me just where should I go

If it's where we are, no harm is done yet  
If it's where we are, then no harm is done yet  
And if this is where you stand, then no harm is done yet  
If it's where you stand, then no harm is done (yet)
