

## Track 10

### Christine and the Queens

Sweet lover of mine  
Oh, let me take you dancing  
Sweet lover of mine  
The scar of the foreigner  
Sweet lover of mine  
Let's go dancing, go dancing  
Sweet lover of mine  
Let's go fucking, go fucking

I am not so shy  
Where lights are intervening  
I am not so proud  
Oh baby, take me dancing  
Our lord as a sigh  
Let's go dancing, go dancing

Sweet lover of mine  
Ouh, I'm tied to thee, tied to thee  
Sweet lover of mine  
I'm who I'm away to be  
Sweet lover of mine  
Protect me, don't tell the guards

Take me to the dance  
Take me  
Ouh, take me there  
Sweet lover of mine  
There  
Sweet lover of mine  
Sweet lover of mine

New York, nineties  
I just probably, I sit  
Not to me, I've been everywhere  
Stallin' me then before  
The lives of before are  
Meant to be  
I did! Oh yeah  
Let me prove it by touching you, baby  
Oh, let's meet again  
I - I!

I was surprised by the chord change  
And she kept on walking  
Like her crazy friends, bitch she was  
Oh yes she was not going to surrender  
It's like argh!  
Maybe simpler is better. You know?

Sweet lover of mine  
Ouh  
Look at me  
Let me here take the credits, baby  
Ouh, defend me  
Besides, I'm your first astral  
Let me pay your demon the out  
Let me pay out your demon number

Let me be with you

The things I get with you  
Just take down to church  
Nothing real good for you  
Oh, let's take you on a ride  
Why you make me feel emotions  
I want to give emotion  
Ouh, you make me feel emotion  
And I want to give emotion  
Well, do you feel me now?  
Oh, oh, do you feel me now?  
Oh, I think we're in the mountain  
I think loud as the wind does think at night when it pours  
I know you want my body  
Ouh, yeah  
Oh, I know you want my body  
Ouh, you make me one with mornin'  
You make me like a child, girl  
Oh, we're meetin' the morning  
Ah, you make me unwilling to come back to the place  
Ouh, where I go  
Oh, it makes me just hard to really come right now  
Oh, I say go  
Ah, you make me like a ravin', let's be  
And I forget to eat  
The taste of her is something then they forget 'bout me  
I believe you're amazing  
Oh, first time I openly talk about it  
And where, where did it go?  
And when did you decide to fuck about me?  
Oh, where did it go  
To a man  
Oh, that give them half what I give  
Oh, they make it through the runnin'  
Oh, they make it through the runnin'  
Oh, I came to fuck pretty

I can thank you for the ride, babe  
Sweet lover of infinity  
Ah, we'll keep on rising

Yeah  
It's been a long time  
Words, somebody to re-animal  
Sing nani nani animal  
Nani nani animal, yeah  
Word, somebody to an animal  
We got to fuck hours  
Are you aware of other faces down in the sky  
Marvin Gaye in my head poetry ever and then  
So many things I wish I could talk about  
No time to write, I'm so stoned  
I'm so stoned  
Why did she take that car?  
Fuchsia dress, fuchsia  
Ouh, babe, I dream in colors  
Ouh, you make me think think feel things so rare

Let's stop the room to like - it never stops!
