

# Beautiful Dreamer

Christon Gray

I pledge allegiance to the flag  
Of the United States of America (We had a dream)  
And to the republic  
For which it stands  
One nation under God  
Indivisible  
With liberty and justice for all

Uh, now everybody take a knee  
Alright, that's enough, get up, 'cause I can barely breathe  
It seems keeping up with race may not really be your speed  
But there's just as much Tebow as Kaepernick in me, yeah  
See I got white brothers that I love alot  
Who know nothing 'bout underhanded cops  
My dad would tell the story, now we used to hearing pop  
Here's the twist in the plot  
You would make it, I might not  
Sure, sirens can make anybody nervous  
And no disrespect to the ones who protect and serve us  
I just don't wanna watch another funeral service  
'Cause no lives matter in the media circus  
Is it Black vs. White or is it Dark vs. Light?  
Pick a side in this fight 'cause it's Wrong vs. Right  
Man, you'll always close the doors if you think people are strange  
But as long as we're alive just know that people can change  
Even you

Come talk to me, why don't you come talk to me?  
Don't start walking away  
We had a dream and the dream got taken away (We had a dream)  
Come talk to me, why don't you wanna talk to me?  
You just keep walking away (We had a dream)  
We had a dream that was born in the USA (Talk to me)

Slippery slope, I'm tryna level the floor, yeah  
I'm giving you hope, you're tryna settle the score  
We won't trade the lies we believe for the truth we ignore  
Makes me wonder what I'm doing this for  
And when the trap gets set, remain calm  
The cops or the robbers, who do they call?  
Robin Hoods like Peter just to repay Paul  
And the church so apalled that we became Saul (Stop)  
So when I see a brother in need or a brother on knee  
It really makes no difference to me  
'Cause we're either united or we're all untied  
Whatever you believe will show when you speak  
And everybody's good 'til they gotta be good  
As long as they're doing what you think they should, uh  
Who's my neighbor? The story's been told  
So don't cross to the other side of the road beautiful dreamer

Come talk to me, why don't you come talk to me?  
Don't start walking away  
You had a dream but the dream is fading away (We had a dream)  
Come talk to me, why don't you wanna talk to me?  
You just keep walking away (We had a dream)  
We had a dream that was born in the USA

Say it with me  
I love you (I love you)  
I love me (I love me)  
Now say  
I love you (I love you)  
I love me (I love me)  
I love you (I love you)  
I love me (I love me)  
Okay now  
God loves you (God loves you)  
God loves me (God loves me)  
All together say  
God loves you (God loves you)  
God loves me (God loves me)  
God loves you (God loves you)  
God loves me (God loves me)

(We had a dream)  
Come talk to me, it's time for you talk to me  
No more walking away (We had a dream)  
I have a dream and you can't take it away (We had a dream)  
Come walk with me, just around the block with me  
A mile is all it takes (We had a dream)  
Still have a dream that I can make it in the USA
