

Do You Ever

Christon Gray

Do you ever think of me
You're the only one I see
I just can't get over you
No matter what I do, I do

We don't have to talk I know you know
Dreaming on don't wanna keep you up
Even though you know I watch you leave
I'm what you need

Trying to move on, what can I do
Lately it seems that I've been thinking of you
Time has gone by, the weeks and the years
I'm crying inside but not releasing the tears

Do you ever think of me
You're the only one I see
I just can't get over you
No matter what I do
Do you ever think of me?
You're the only one I see
I just can't get over you
No matter what I do, I do

Look at me now
I've dried all my tears
Then I moved on
And I've been happy for years
Trying to be strong
But what can I do
Your roses are red
And tell me why am I blue
You know the rules
If you go away you gotta stay away yeah
Cause it's so hard to even say your name
You were right there's no one left to blame

Do you ever think of me
You're the only one I see
I just can't get over you
No matter what I do
Do you ever think of me?
You're the only one I see
I just can't get over you
No matter what I do, I do
