

I'm a king, I'm royalty
But it's like, how do I say that?
How do I tell the people I'm the man?

I'm on the throne, nobody else is chosen (Nah)
I feel alone, I'm lookin' for an omen (See)
To entertain, I gotta be a showman
But in my brain, I'm Kanye and Wyoming (Woo)
Some people judge, turnin' up they noses (Smell that)
No place to hide, so everybody poses
I got derailed with my locomotive (Skrt)
Get back on track, that's my only focus
By time I'm back, you may never notice
That I was gone, this is like hypnosis (Fight the clock)
Hello, goodbye, it opens and it closes
Uhh, oh, I'm livin' for the moment

Life is beautiful
I'm still tryna see it
People come and go if it's comfortable
There must be a reason
From beginning to end this will make me the kingpen
Oh, life is beautiful
I'm still tryna see it
People come and go but now I know
I'm here for a reason
From beginning to end this will make me the kingpen

Yo, as long as I'm breathin'
Call me the kingpen
Ballpoint handy, I'm so suave with the English
I'm gonna tell you all what I'm thinkin'
Do you only keep me around when it's convenient?
What's real and what's not is hard to distinguish
And when you reach the top and you fall off the deep end (Splash)
E-Everything that I written, it turned into a life sentence
That's why sometimes the pen feel more like a prison (Shackles)
Yeah, I'm so done tryna see my future
I just caught up to the past, hope I didn't lose (Stay with me)
Cause through all of the brick walls and pit falls, jigsaws, I got more wins
than losses, so

Life is beautiful
But I'm still tryna see it
People come and go if it's comfortable
There must be a reason
From beginning to end this will make me the kingpen
Oh, life is beautiful
And I'm startin' to see it
People come and go but now I know
I'm here for a reason
From beginning to end this will make me the kingpen

Ha, way to be the man, king
