

# Light On

Christon Gray

I'll be coming home late, baby, please leave the light on  
Don't you worry about a thing, I'll be working all night long  
I'll be coming home late, baby, please leave the light on  
Cause where you are is the place where I wanna be

Ain't no simple way that we can make it  
All these little things we gotta do  
Whatever the cost we gotta pay it  
And we can't be afraid to make a move  
So I'm on the road again  
Mmmmm even though I'm way up there  
You should know that I'm thinking 'bout you  
Got the band and the brand new outfit  
And we gon' let it do what it do  
Now it's time for me to sing and so I go on  
Giving everything I have until the last song  
And I can't help but let the melody just float on  
When the shows all over and the crowd goes home  
Girl, I'm running right back to you

I'll be coming home late, baby, please leave the light on  
Don't you worry about a thing, I'll be working all night long  
I'll be coming home late, baby, please leave the light on  
Cause where you are is the place where I wanna be

Each and every day I'm making music  
Dropping these songs to build some heat  
Dealing with a timeline of questions  
They be asking when the album hits the streets  
Yeah, we working on it  
Even though some things have changed  
With some difficult times I been through  
I just throw all my prayers to the Lord  
And let the boss do what he do  
But when it's time for me to sing I turn the mic on  
Grab a pad and write the words down for a new song  
I can't help but hum the melody all night long  
But when the tracks all done and the team checks out  
Girl, I'm coming back home for you  
So leave the light on for me

I'll be coming home late, baby, please leave the light on  
Don't you worry about a thing, I'll be working all night long  
I'll be coming home late, baby, please leave the light on  
Cause where you are is the place where I wanna be

I'll be coming home late, baby, please leave the light on  
Leave the food on the table, I'll be working all night long  
I'll be coming home late, baby, please leave the light on  
There's no place in the world that I'd rather be
