

My Love Is Real

Christon Gray

If there's one thing I know true love will never change
Already gave my heart away nobody else could take your place
There's nothing I want more than for you to understand
I'm trying to get that up for you just tell me what to do

If you don't know its real (Let me show you)
If you don't know its real girl (Let me show you)
If you don't know its real for now (Let me show you)
I'll show you my love is real (Let me show you)

I think you're looking for something more than gratitude
The feeling we had some time ago we both want it back let's take it slow
I'm not in a rush but I want to make it clear
I'm trying to get better for you, baby it takes two

If you don't know its real (Let me show you)
If you don't know its real girl (Let me show you)
If you don't know its real for now (Let me show you)
I'll show you my love is real (Let me show you)

When love is real, there's nothing that could take away
A love that only you can satisfy
Love is real, baby this was worth the wait, And with this love
I'll always give my life

If you don't know its real (Let me show you)
If you don't know its real girl (Let me show you)
If you don't know its real for now (Let me show you)
I'll show you my love is real (Let me show you)
