

## No. 51 (The Glory, Pt. 2)

Christon Gray

I can see the light at the end of the tunnel  
Baby it's been a long road  
It's been a long road  
Baby, you know it's been a long road

It's not over yet, we've only just begun  
Not much time is left, gotta to get to 51  
Let's go, I know we'll have some fun  
Ohhh deep in my heart you'll always be  
When I need to run, far away from everyone  
No. 51, shade is cooler in the sun  
Let's go  
Deep in your heart I'll always be

Goodnight...  
Goodnight folks, fell asleep reading the Bible  
When I'm dreaming, I can hear my mother singin' them high notes  
I see a bunch of people in life boats  
They wanna keep me under, but I'm tryna stay afloat  
I'm back to the day I wrote my first battle rhyme  
Broke the soul of that weepin' brother, they formin' a line so I said, "Hey  
Keep em' comin." Even though, all I play is Stevie Wonder  
I don't really know no hip-hop, I grew up on CeCe Winans  
Yo, I ain't fit in for a while  
They'd be partying, I would sit Indian style  
Watchin' all my friends, that was back then and it's wild  
In the audience, they be like "Chris!" and I smile  
You be thinking I changed, but you don't know the half  
And even if you did, man that's only half  
But, God gave me something I can only have  
My own shade, I'm cool with a lonely path

It's not over yet, we've only just begun  
Not much time is left, gotta to get to 51  
Let's go, I know we'll have some fun  
Ohhh deep in my heart you'll always be  
When I need to run, far away from everyone  
No. 51, shade is cooler in the sun  
Let's go  
Deep in your heart I'll always be

I didn't know the kid would grow to love his difference  
Was living for appearance or what people say  
A miracle to really go through the transition  
From indigo to loving on the deepest shade of me  
When I dropped School of Roses that was one side of me  
I was just tryna show you, what you didn't wanna see  
Now I'm waking up every morning, to play the hand I been dealt  
'Cause I felt like you knew me, when I didn't know myself

It's not over yet, we've only just begun  
Not much time is left, gotta to get to 51  
Let's go, I know we'll have some fun  
Ohhh deep in my heart you'll always be  
When I need to run, far away from everyone  
No. 51, shade is cooler in the sun  
Let's go

Deep in your heart I'll always be
