

Ride the Wave

Christon Gray

On and on and on again
Pretending that we're only friends
Truth be told we both know better so
Day by day it all depends
But, I think too much
And sometimes I feel I don't think enough
You moved out here 'fore your lease was up
Then we breakin' up, I can't make this up

The whole time I knew that you could be the one for me
Now you're here because my misery needs company
On your own you joined my journey to recovery
Cause you're in love with me

Flaws and all
Rise and I fall
So glad you prayed for me
Will you catch this wave with me
Took my flaws and all
You answered my call
So glad you stayed with me
Now come ride this wave with me
Girl won't you
Catch the wave, catch the wave baby
Ride the wave, ride the wave with me
S'ok okay if it feels crazy
It's a brand new love we're creating

Don't awaken love until it's proper time and you know you're ready

We know how the story goes
Relationship ebbs and flows
We're in this boat together no matter what
Glad that I'm the one you chose
I ain't givin up
Whole lotta love that I'm givin ya
Left my old ways I ain't missing much
I'll get your trust
Girl, this is us

The whole time I knew that you would be the one for me
But when I'm alone, I'd rather have your company
On your own you joined my journey to recovery
Cause you're in love with me

Flaws and all
Rise and I fall
So glad you prayed for me
Will you catch this wave with me
Took my flaws and all
You answered my call
So glad you stayed with me
Now come ride this wave with me
Girl won't you
Catch the wave, catch the wave baby
Ride the wave, ride the wave with me
All my fears are slowly fading

It's a brand new love we're creating

Partner with the Holy Spirit and you will be kept safe from the temptations
of the world

I know the look of people wanting to know if Imma to sell my soul
We always want what we can't have, is it worth it tho?
I say no, pardon me if I choke, you met me in the shade, we're still clearin
g the smoke
No joke, remember when we spoke? Felt the waves crashing in, I was barely st
aying afloat
Now, we're on the shore and I'm so sure... that together we can ride out the s
torm, All Amour

There's no question in my mind that you're the one for me
The whole time I knew that this is where I wanna be
Take me with you on your journey to discovery
This is love you see

Flaws and all
Rise when we fall
I'll pray for you, you pray for me
Will you catch this wave with me
Here's my flaws and all
You answered my call
I'll stay with you faithfully
Now come ride this wave with me
Girl won't you

Catch the wave, catch the wave, baby
Ride the wave, ride the wave with me
Thank the Lord that we made it safely
Here and now, forever you're my lady
