

# Wonder

Christophe Willem

Did we have it all  
Our hands full of dawn

Did we miss the call  
From voices above

Will we ever fall  
Before the sun goes down

So strong and so tall  
Still our love is gone

Here against the wall  
Those pictures we've drawn

Head inside the hole  
Even fire can drown

No one down the hall  
But music goes on

So strong and so tall  
Still our love is gone
