

Everything

Christopher Cross

You are everything
I never knew I wanted
I want it

Every day on my own
Feel uptight, feel alone
Then at once right on cue
I remember you

Straightaway I find my ease
You soothe my system like a curtainful of breeze
This two-fisted heart comes uncurled
Feel like I can save the world

You are everything
I never knew I wanted
(You are the one)
You are everything
I didn't know I needed

You're a smile across the sky
You are the good in the word goodbye
And when I lose myself in you
Feel like I'm everything too

You are everything
(So everything)
I never knew I wanted
(You are the one)
You are everything
(Who brings up the sun, every day)
I didn't know I needed

Ooh, an accidental state of grace
Ooh, a splash of moonlight on my face
Ooh, a wave of crushing blue
They're all you

You are everything
I never knew I wanted
(You are the one)
You are everything
(Who brings up the sun)
I didn't know
(You are the one)

You are everything
(So everything)
I never knew I wanted
(You are the one)
You are everything
(Who brings up the sun, every day)
I didn't know I needed
I need it
