

Baby Making Interlude

Christopher

Oh oh oh

I want you to lie to me
I want you to lie to me
I want you to lie to me
I want you to lie to me

Hey baby listen
I know that we've been going for a while
Yeah
And you've been stressing bout the things that
I'm doing on the side
Yeah
Let's not talk about it
Look into my eyes and chill for a while
Yeah
I'll make you forget all about it
When we are sexing tonight
Yeah i promise

Uh uh uh
Uh uh uh
Yeah
Uh uh uh
Uh uh uh
Yeah

Hey baby listen
It's not cause i want you all myself
Yeah
I just can't take the thought of you
With somebody else
Yeah
And if you dig it
Baby just lie
I'll make you forget all about it
When we are sexing tonight
Yeah i promise
Baby don't think about it
Just take off your stilettos
Listen to my voice
Till we're heavy breathing like echoes
Through away you problems cause
There's no time for stressing
Promise i make you forget about it
When we're sexing

Uh uh uh
Uh uh uh
Yeah
Uh uh uh
Uh uh uh
Yeah
