Bad

Christopher

I don't wanna be another him, that shit is over
Finally you found yourself a friend, and you run him over
Ever since the start I saw the end around the corner
Cause I know you so well

So predictable
You're an animal
I can't let you go
You're so good at being bad, you know
So predictable
You're an animal
I can't let you go
You're so good at being bad, uh

My baby's bad you, know
My baby's bad you, know
My baby, my my
My baby's bad you, know
My my baby's bad, you know
My my baby's bad, you know
My baby, my my
My baby's bad, you know

You know I'm not gonna leave your side, and I can't deny it
Tried to play it cool but I can't hide my true desire
Cause I can see the dirty in your eyes, my favourite liar
And I know you so well, well, well, well

So predictable
You're an animal
I can't let you go
You're so good at being bad, you know
So predictable
You're an animal
I can't let you go
You're so good at being bad, uh

My baby's bad, you know
My baby's bad, you know
My baby, my my
My baby's bad, you know
My my baby's bad, you know
My my baby's bad, you know
My baby, my my
My baby's bad, you know

I can see the way you look at me, waiting to attack
You are on your worst behaviour, I want it just like that
I can see the way you look at me, waiting to attack
You are on your worst behaviour, I want it just like that, uh

My baby's bad, you know
My baby's bad, you know
My baby, my my
My baby's bad, you know
My my baby's bad, you know
My my baby's bad, you know

My baby, my my
My baby's bad, you know

So predictable
You're an animal
I can't let you go
You're so good at being bad, you know
So predictable
You're an animal
I can't let you go
You're so good at being bad, uh
