

# CPH Girls

Christopher

Them girls, they got it  
Oh oh, they got it  
Them girls, I love it  
I, I, I love it

Yeah, I don't get where they from  
(we're from, we're from)  
Cause they all know what I want  
(you want, you want)

Baby, parlez-vous français?  
I'm so ready to go  
Girl, do you speak body language?  
So I'll need to know  
I'll catch a plane to go and see them girl  
I love the women all around the world  
Who you love?

Them "señoritas" in Spain  
No, I can't complain  
Them "mon chéri" in Paris  
I know they like champaign  
LA, Miami to New York  
They might just break your heart  
Yeah, I've been everywhere  
But nothing can compare to those  
Copenhagen, copenhagen (girls)  
Copenhagen, copenhagen (girls)

Yeah, Chris told me like  
You should drop up on the next flight  
Now I'm here tonight  
Kinda feeling like paradise  
Jeans fitting tight  
You can twerk it like Miley right  
I got an appetite  
So let me taste your applebite

Baby, parlez-vous français?  
I'm so ready to go  
Girl, do you speak body language?  
So I'll need to know  
I'll catch a plane to go and see them girl  
I love the women all around the world  
Who you love?

Yo, Chris  
I really love what I'm looking at, man

Yeah, B  
I told ya  
It happens everytime

Who you love?
