

First Time

Christopher

I know you've been waiting for my lovin'
And I know it's been such a long time commin'

We got comfortable on a stool
We got so lost in the time
And if it's possible
I would love if we could try
To do it, do it like the first time
Like the first time
To do it, do it like the first time
Like the first time
Do it, do it like the first time [2x]

I'm gonna take off your clothes
And do you on the bed
Kissing your lips then your neck
Then do like spark between your legs
You know the neighbors don't like that
Kissing you right between your eyes
Cancel your plans, we're going all night
Never forget when you said
The best sex you ever had
Was the first time
Let's do it, do it like the first time

I remember when we started kissing
We didn't care when we were so exquisite

We got comfortable on a stool
We got so lost in the time
And if it's possible
I would love if we could try
To do it, do it like the first time
Like the first time
To do it, do it like the first time

I'm gonna take off your clothes
And do you on the bed
Kissing your lips then your neck
Then do like spark between your legs
You know the neighbors don't like that
Kissing you right between your eyes
Cancel your plans, we're going all night
Never forget when you said
The best sex you ever had
Was the first time
Let's do it, do it like the first time
Was the first time
Let's do it, do it like the first time

We could do it all night
Like, like, like, like the first time
We should do it all night
Like, like, like, like the first time
Just let me do it all night
Like, like, like, like the first time
I wanna do you all night

Like, like, like, like the first time
