

If It Weren't For You

Christopher

I would've gone crazy if it weren't for you

If it ain't fatal
And it didn't kill you
Did you learn something?
Did it make you grow?

Seven nights a week, we stay in, you and me
And I still can't get enough
Shoot me, kill me with that one, see it 20/20
Family, show me your love

I would've gone crazy if it weren't for you
And I still call you my baby, when we make it through
We're gonna make it through the darkness
And I cannot believe that God blessed me with you
I would've gone crazy if it weren't for you

Trust me, I would've gone, ooh, ah
If it weren't for you, ah
Trust me, I would've gone, ooh, ah
If it weren't for you, ah
Trust me, I would've gone, ooh, ah
If it weren't for you, ah
Trust me, I would've gone, ooh, ah
If it weren't for you
Trust me, I would've gone

You're the only
One who knows me truly
Oh, and you
Show me we're gonna be alright

Seven nights a week, we stay in, you and me
And I still can't get enough
Shoot me, kill me with that one, see it 20/20
Family, show me your love

I would've gone crazy if it weren't for you
And I still call you my baby, when we make it through

Trust me, I would've gone, ooh, ah
If it weren't for you, ah
Trust me, I would've gone, ooh, ah
If it weren't for you, ah
Trust me, I would've gone, ooh, ah
If it weren't for you, ah
Trust me, I would've gone, ooh, ah
If it weren't for you

Trust me, I would've gone crazy if it weren't for you
And I still call you my baby, when we make it through
Trust me, I would've gone
