

Just So You Know

Christopher

I've been takin' everything for granted
I live like nothing's ever gonna change
Since I was seventeen I've had this habit
Of only ever thinking 'bout myself

It's like a switch inside my brain
That I just can't turn off
Whenever I want to, baby
I keep makin' all the same mistakes
That I never learned from
It's something I'm workin' on
Just so you know

I'm not good at bein' honest
Fuck it, I might as well
Got everything I ever wanted
But it can all go to hell
If you're leavin' me now, if you're lettin' me go
Know it's all my fault
I'm tryna be somebody better
Just so you know

Ooh, ooh, ooh, ooh-ooh, ooh
Ooh, ooh, ooh, ooh-ooh, ooh
Ooh, ooh, ooh, ooh-ooh, ooh

I know that it might sound like excuses
But I'm tryna blame it on my age
You know I get paid for actin' stupid
You say when I come home I'm still up on that stage

It's like a switch inside my brain
That I just can't turn off
Whenever I want to, baby
I keep makin' all the same mistakes
That I never learned from
It's something I'm workin' on
Just so you know

I'm not good at bein' honest
Fuck it, I might as well
Got everything I ever wanted
But it can all go to hell
If you're leavin' me now, if you're lettin' me go
Know it's all my fault
I'm tryna be somebody better
Just so you know

Ooh, ooh, ooh, ooh-ooh, ooh
Ooh, ooh, ooh, ooh-ooh, ooh
Ooh, ooh, ooh, ooh-ooh, ooh

Hmm, hmm
I'm not good at bein' honest
Fuck it, I might as well
Got everything I ever wanted
But it can all go to hell

If you're leavin' me now, I know it's all my fault
I'm tryna be somebody better

I'm not good at bein' honest
Fuck it, I might as well
Got everything I ever wanted
But it can all go to hell
If you're leavin' me now, if you're lettin' me go
Know it's all my fault
I'm tryna be somebody better
Just so you know

Ooh, ooh, ooh, ooh-ooh, ooh
Just so you know
Ooh, ooh, ooh, ooh-ooh, ooh
Just so you know
Ooh, ooh, ooh, ooh-ooh, ooh
Just so you know
Ooh, ooh, ooh, ooh-ooh, ooh
Just so you know
I'm tryna be somebody better
Just so you know
