

Little Sunshine

Christopher

Little sunshine on his street
I see her footprints in the snow
And I used to drag my feet
Now I know which way to go

It's been a year now, I can't wait
Only one month at the fair
To see your pretty face
I missed you so much and I swear

If I could keep you, then I would
'Cause we both know we can't stop
I've been thinking about you for 11 months now
I can't let you go like this, knowing that you're not mine
And then miss you for 11 months again

Little sunshine on his street
I'm smiling at you till you blush
There should be more days like these
My one and only Christmas crush

And I won't let you go back
I've said that every year
And we're both not fine with that
Just let me make this clear

If I could keep you, then I would
'Cause we both know we can't stop
I've been thinking about you for 11 months now
I can't let you go like this, knowing that you're not mine
And then miss you for 11 months again

Now baby, look at me, tell me what you see
We both know you're gonna leave
So let's make the best of the time we have
'Cause we'll never get it back

I wanna see you smile, baby, don't you cry
Let's remember tonight
Maybe it's the last one that we ever have
And we might never get it back

If I could keep you, then I would
'Cause we both know we can't stop
I've been thinking about you for 11 months now
I can't let you go like this, knowing that you're not mine
And then miss you for 11 months again
