

Lovechild

Christopher

That nostalgic feeling
Seemed you get up believed
Always afraid of commitments when it comes to you, ooh-ooh
Always had a feeling you don't feel it like I do, ooh-ooh
Photographic memories
Of you beggin' me for mercy
Every time you fucked it up, I got you off your knees
You've been playin' tricks on me since we were seventeen

We were good 'til I told you
One last kiss and we over
Lovechild, we gotta grow up now
We were young but we older
Drunk in love now we sober
Lovechild, we gotta grow up now

It's so easy falling (Falling)
Get in the backdoor was boring (Boring)
Feelin' like a loser but now I'm stuck on you, ooh-ooh
Oh, it must be so nice to be walkin' in your shoes
I can't check this feeling
Mondays, seven days a weekend
Feelin' like a loser 'cause I'm waitin' for you call
Help me to [?] better, you don't think of me at all

We were good 'til I told you
One last kiss and we over
Lovechild, we gotta grow up now
We were young but we older
Drunk in love now we sober
Lovechild, we gotta grow up now

We were young, we were young but we older now (Lovechild)
Gotta grow, gotta grow, gotta grow up now (Lovechild)
Lovechild, lovechild, gotta grow up now (Lovechild)
We were young, we were young but we older now (Lovechild)
Gotta grow, gotta grow, gotta grow up now (Lovechild)
Lovechild, lovechild, gotta grow up now (Lovechild)
