

# Permanent Scars

Christopher

Those pretty lies  
I know them all too well  
The quiet violence  
I brought upon myself  
Gone with the wind but somehow I'm not convinced  
About your innocence

I've made mistakes  
But you know you've made some too  
It's not black and white  
That's why I feel so blue  
Inside and I try to pretend it's not 'bout you  
We both know that ain't true and

Oh  
God knows that there are days where you don't cross my mind  
I hold my own  
And then that's the long lonely nights

Where it's just everything you said in my head on repeat and I  
Just can't let it rest  
Silhouettes on the street at night  
Like you never left but you did  
And I made it this far  
Just know you left a permanent scar

I still run faster to keep from drifting slow  
Into the places I know I shouldn't go  
Nobody is laughing but you would've loved that joke  
I just know

And please believe that there are days where you don't cross my mind  
I hold my own  
And then that's the long lonely nights

Where it's just everything you said in my head on repeat and I  
Just can't let it rest  
Silhouettes on the street at night  
Like you never left but you did  
And I made it this far  
Just know you left a permanent scar  
Inside my chest  
Now the rest of us is history  
Look at all this mess that you left  
Unsolved mysteries  
Did you try your best?  
Cause I did  
And I made it this far  
Just know you left a permanent scar

Oh oh oh oh oh  
Oh oh oh oh oh

You left a permanent scar

Oh oh oh oh oh  
Oh oh oh oh oh

Now it's just everything you said in my head on repeat and I  
Just can't let it rest  
Silhouettes on the street at night  
Like you never left but you did  
And I made it this far  
Just know you left a permanent scar
