

Angels' Lullaby (Mary's Song)

Christy Nockels

Tiny heart, held close to mine
Beating for all the world, I dance to it's rhythm
Tiny mouth, breathing on me
Fresh from the breath of God, I will always remember
How the angels sang with pow'r and conviction
Announcing You, with a glorious sound

Glory to the newborn King
Glory to God in the highest
Praise, adoration lifted on high
It's the angels' lullaby, it's the angels' lullaby

Sleep my child, a darker day comes
This night will be sweet memory, kept in our heart of hearts
Holy One, wrapped 'neath the stars
You'll exceed all expectations,
Can you hear Your praises
As the angels sing with pow'r and conviction
Announcing You with a glorious sound

Glory to the newborn King
Glory to God in the highest
Praise, adoration lifted on high
It's the angels' lullaby, it's the angels' lullaby

From the farthest star, to a mother's heart
A promise carried through
Hear the melodies of all who will believe
And let them welcome You

La la la la, la la luu
La la la la, luu
La la la la, la la laa
Praise You, praise You
Praise You, praise You

Glory to the newborn King
Glory to God in the highest
Praise, adoration lifted on high
It's the angels' lullaby, it's the angels' lullaby
It's Your angels' lullaby
