

# Impossible Things

Christy Nockels

I know, I know I've been here before  
Face down on the floor  
Same dance, same song through my sighs and groans  
Barely holding on

You were enough for me then  
You'll be enough for me now  
And that's enough to hope a little longer

For impossible things  
You do impossible things  
You opened my eyes  
That I will survive  
This impossible thing

I don't, I don't know how this is love  
But Jesus does  
His life poured out through his sighs and groans  
Barely holding on

You were enough for me then  
You'll be enough for me now  
And that's enough to hope a little longer

For impossible things  
You do impossible things  
You opened my eyes  
That I will survive  
This impossible thing

Oh, whatever may come  
You will always hold on  
Well, I'm tired in there waiting  
Keep me waiting

For impossible things  
You do impossible things  
You opened my eyes  
That I will survive  
This impossible thing

You do impossible things  
Oh, impossible things  
You opened my eyes  
Yes, I will survive  
This impossible thing

You do impossible things  
Oh, impossible things  
You opened my eyes  
And I will survive  
This impossible thing
