

# Our Christmas Song / Make Good Your Christmas Day

Christy Nockels

There's an eight foot evergreen in our living room  
And grandma's chair sure makes for a lovely heirloom  
With dream of someday rockin' little one's to sleep  
While their daddy plays piano  
The little white light sure gives the place a warm little glow  
Reflecting all the love that we've come to know  
And this is home for the two of us  
And this will always be the place  
And the fav'rite time of year we love

To celebrate all that You have given us  
It always ends up more than enough  
'Cause we celebrate Your love  
And we can hardly wait to gather with our family  
To see You've blessed us graciously  
And we'll sing the manger story about the way You came  
To give us what our hearts were longing for

Christmas just might be a little tight through the years  
But money can never buy the things we've come to hold dear  
And most of all it helps us keep our hearts in love  
With the greatest gift of all  
So come around the table, gather young and old  
And we'll listen to the sweetest story ever told  
And we'll watch the eyes of our little ones light up  
As we tell them of your love  
And all the reasons that we have

To celebrate all that You have given us  
It always ends up more than enough  
'Cause we celebrate Your love  
And we can hardly wait to gather with our family  
To see You've blessed us graciously  
And we'll sing the manger story about the way You came  
To give us what our hearts were longing for

You're the gift that keeps on givin'  
Time after time and year after year we love

To celebrate all that You have given us  
It always ends up more than enough  
'Cause we celebrate Your love  
And we can hardly wait to gather with our family  
To see You've blessed us graciously  
And we'll sing the manger story about the way You came  
To give us what our hearts would thank you for  
Oh we'll sing the manger story about the way You came  
To give us what our hearts were longing for

Make good your Christmas day  
That Christ be born in You  
And He who gave His life for you  
Will be with you all year through

Make good your Christmas day  
That Christ be born in You  
And He who gave His life for you

Will be with you all year through
