

# The King Is Coming Prelude

Christy Nockels

The King is coming  
Open up your eyes to see it, open up your ears to hear it  
The King is coming  
Open up your mind, believe it, open up your heart, receive Him

The King is coming  
Open up your eyes to see it, open up your ears to hear it  
The King is coming  
Open up your mind, believe it, open up your heart, receive Him

The King is coming  
Open up your eyes to see it, open up your ears to hear it  
The King is coming  
Open up your mind, believe it, open up your heart, receive Him
