

Regret & Testify

CHROM

Now I've got you down on your knees
I hear you praying, you beg me please
Not to hurt you or even kill
I see you crawling because it's my will
Down in the dust, that's where you are
You try to reach me but I'm too far
Your hopes and dreams I will ignore
'Cause I'm my best friend, and that's for sure

Look at me as I can fly
I came down just for a while
I don't care about you at all
I just want to see you fall
So regret and testify
Because your time is passing by
Close your eyes and you will see
That you've lost your sanity

Getting closer - I smell your skin
I hear you screaming so full of sin
And when I get you I'll let you know
That I'm above you - You're down below
Down in the dust that's where you are
You try to reach me but I'm too far
Your hopes and dreams I will ignore
'Cause I'm my best friend and that's for sure
You are my best friend and that's for sure
