

Slave

CHROM

Now it's up to me
Break the rules of reality
Again and again I'm losing my mind
Everything I see is so confusing
I'm a slave, not save and I'm falling down

So it's up to me
To keep up the sanity
Again and again I'm losing control
At the end of the day it's all so clear
I'm insane in the brain but it doesn't hurt

The world is for the brave
But instead your are the slave
They try to make you feel save
That's why you're calm and behave
Every day is just the same
But there is no one else to blame
Now you feel nothing but shame
You can't stand all this pain

Now I can see
They just try to lie to me
Again and again they're making me sick
Nobody's there to hear you cry
So just raise your fist let it be your guide
