Come along

Come along and touch my skin
'Cause I'm ready to fall
I'm begging you to let me in
There's nothing wrong at all
Don't close your door at night
'Cause I'm watching you
Lay down, turn off the light
I will be quiet, too
If you try to scream and shout
I'll have to silence you
Don't try to fight back now
'Cause I've got nothing to lose

I am your biggest fan, it's true
(Though you don't want)
I'll get close to you
I swear I'll never let you go
(Oh no)

I don't want to live without you
(You are my life)
???
My sanity is fading out
(No doubt)

Come along

Come along and touch my skin
'Cause I'm ready to fall
I'm begging you to let me in
There's nothing wrong at all
Now I've received your number
So I can call you every day
It's only to please my hunger
No matter what you might say
The time has come to rule and own you
That's what I really want
Look at this cell I made for you
This will be fun as hell

I am your biggest fan, it's true
(Though you don't want)
I'll get close to you
I swear I'll never let you go
(Oh no)

I don't want to live without you
(You are my life)
???
My sanity is fading out
(No doubt)

I am your biggest fan, it's true
(Though you don't want)
I'll get close to you

I swear I'll never let you go
(Oh no)

I don't want to live without you
(You are my life)
???
My sanity is fading out
(No doubt)
