

## Back in Town

Chrome Division

Get ready to rumble!!!  
The hour is running late  
Night is calling  
She just took the bate.  
She is coming over  
Something's going down  
These streets, these bars  
This is my town

Ohhh  
Its coming down its "coming down"  
Feels so damn good to be back in town  
Theres whiskey in the morning  
And ladies every night  
I'm gonna kick some ass tonight.

I feel it burning!!!!

She keeps on talking  
But something just ain't right  
I feel a present  
Tonight there is going to be a fight  
You are welcome,  
Start throwing them around.  
I keep on smiling  
Cause this is my home town.

Ohhh  
Its coming down its "coming down"  
Feels so damn good to be back in town  
Theres whiskey in the morning  
And ladies every night  
I'm gonna kick some ass tonight.

Ohhh
